Face Shield

Clean, Sanitizer-Soaked Grill Cloths

Apron

EVERY 4 HOURS

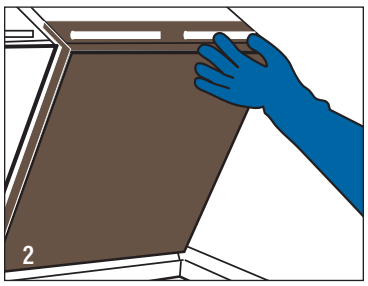

- Wash, rinse and sanitize grill tools and grill tool organizer (GTO) at 3-compartment sink or warewasher every 4 hours throughout the day

AS NEEDED

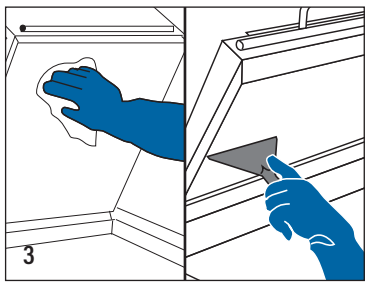

- If **RECOVERY MODE** programming is needed, scan QR code for instructions

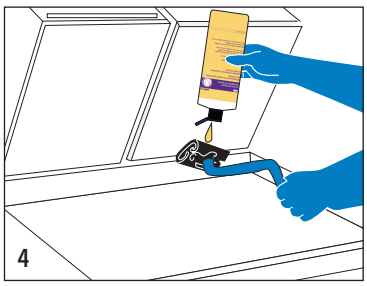

- Select **RECOVERY** (285°F) on grill control pad
- Put on heat-resistant gloves, face shield and apron
- Remove and empty grease troughs; rinse and replace; follow proper procedures for grease disposal

- Remove clips, bars and release sheets
- Refer to Daily Grill Cleaning procedure to clean release sheets
- Wash, rinse and sanitize clips and bars at 3-compartment sink

- Wipe upper and lower platens with clean sanitizer-soaked grill cloth; discard grill cloth into soiled towel bucket
- Scrape grill

- Open a new bottle of Heat-Activated Equipment Cleaner (HAEC)
- Apply HAEC to grill tool pad or clean grill cloth; coat edges of upper platens with product
