Paper Towels
High Visibility Safety Vest
(Any vest with ANSI Class 2 Rating)

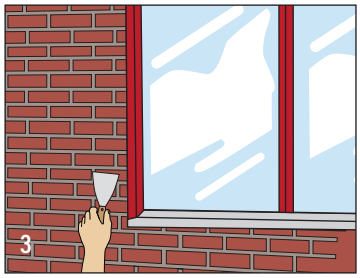

DRIVE-THRU WINDOW—DAILY

- Spray Rapid MSDC Solution onto a clean paper towel; wipe interior and exterior drive-thru windows until free of soil

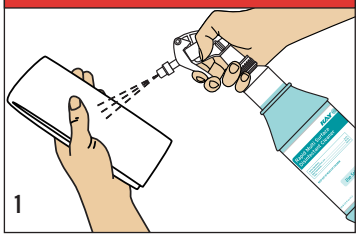

- Spray Rapid MSDC Solution onto drive-thru exterior ledge
- Use clean, paper towel to wipe clean; use nonabrasive pad for any hard to remove buildup

- Use putty knife to remove any gum or stuck on residue underneath drive-thru ledge or exterior building wall

DIGITAL MENU BOARD—DAILY

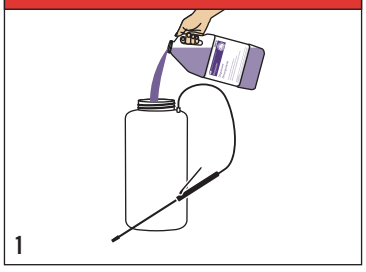

- Spray Rapid MSDC Solution onto a clean paper towel

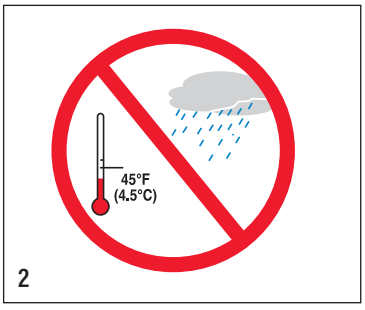

- Wipe exterior digital menu board until clean

IMPORTANT: Apply product to dry surfaces only. Do not apply to deteriorating asphalt.

BEFORE CLEANING

- Pour 1 gal (3.8 L) Degreaser and 1 gal (3.8 L) **lukewarm** (85-105°F) water into pump-up sprayer
  NOTE: For heavy soil, full-strength Degreaser can be used

- Remove trash or debris from drive-thru, parking lot and exterior areas before application
  NOTE: Do not clean outside surfaces if freezing conditions are expected or if rain is expected within 3 hours of cleaning

WEEKLY

- Apply Degreaser Solution onto soiled areas with pump-up sprayer until thoroughly wet; avoid runoff

DRIVE-THRUS, EXTERIOR AND PARKING LOTS (CONTINUED)

DAILY/WEEKLY

WEEKLY (CONTINUED)

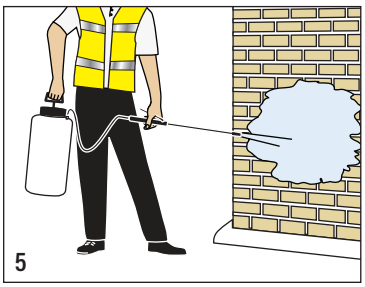

- Deck brush heavy soils immediately

- Let stand at least 3 hours; for best results, let stand overnight
  NOTE: Do not clean outside surfaces if freezing conditions are expected or if rain is expected within 3 hours of cleaning

- Thoroughly rinse area; do not discharge runoff into storm sewers

- Spray on soiled wall areas
- Deck brush heavy soils immediately
- Thoroughly rinse area; do not discharge runoff into storm sewers

- For painted surfaces use APSC in a bucket with a deck or pot brush
- Thoroughly rinse area; do not discharge runoff into storm sewers

- For runoff areas, apply Indoor/Outdoor Absorbent; sweep absorbent material into a dust pan and discard in dumpster

IMPORTANT: Observe all applicable regulations for disposal. **DO NOT** discharge runoff to storm sewers. If using a wet-vac, pour contents into interior drain leading to a sanitary sewer. For absorbent material, dispose of used material in dumpster observing all local disposal regulations.
